## SOME IMPORTANT INSTRUCTIONS

**Dear Parents,**

Warm regards,

The much awaited summer break has finally arrived. We are sure you as parents must be looking forward to spend some quality time with your little ones by exploring new places, reading books, story – telling and playing games. These days are the most precious and memorable days of childhood.

We believe that each child is uniquely creative. Make your child join some hobby classes to enhance the innate talents. It's time to nurture young minds, inculcate moral values in them.

Keeping the child's interest in mind, fun filled assignments have been made to keep the child occupied for some time every day. Please guide your child to complete them and enjoy while doing it!!

**Dear Children,**

Let's prepare ourselves not just to relax and rejuvenate but to also to utilize the time in creative and constructive way. It is the time of the year again when we can do things which we are unable to do during the regular routine days.

- Read books!! May it be fables, fairy tales, encyclopedia or comics. Explore the imaginative world and go on a fantasy tour.
- Run, exercise, sweat! Channelize your energy, build team spirit and enjoy playing challenging sports and games.
- Enhance your communication skills by conversing with your friends and family in English.
- Explore the culture and heritage of your city by visiting heritage sites like monuments and peep into the rich history.
- Plant at least one sapling this summer vacation and take good care of it.
- Visit your grandparents and relatives whom you have not seen for a few years.
- Maintain a balance diet including lots of salad and green leafy vegetables, fruits and liquid stuff like water, juices etc.
